WHY ADMISSION IN YPS?

“Embrace the opportunity of a new school session as a blank canvas, and paint your journey with curiosity, perseverance, and the colors of endless possibilities”.

A school is a place where you send your child to get education and expect his/her wholesome development. Before sending your child to any school, you might have some questions and concerns regarding the culture and environment prevailing there, because your child will be affected by the same. We present a fine blend of traditional and modern culture for each and every student and help them in having correct approach towards the challenges posed by their lives in future.

YPS is a child-centered school where students learn to utilize their education in best possible manner for their betterment and welfare of society. The school culture emphasizes high morals and values with a firm belief in self-discipline. We believe in a humanitarian approach and strive hard to follow the ideals of truth, equality and brotherhood in all our endeavors.

We develop a success mindset that empowers children to perceive challenges as opportunities and pursue growth both academically and personally. Our admission process is thoughtfully crafted to assess both aptitude and attitude.

At YPS, the journey of a new session is like a book with unwritten chapters. May your academic story be filled with achievements, friendships, and the joy of learning. Embrace each day with enthusiasm, for at YPS, every moment is a step towards excellence."
